

United States Department of State

Washington, D.C. 20520

JUN 25 2010

Dear Mr. Chairman:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement to include the export of defense articles, including technical data, and defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to Turkey and Poland for the manufacture of machined parts, subassemblies and components for all models of the H-60/S-70, H-53, and H-92 families of helicopters for end use by Turkey, Poland, and the United States. No significant military equipment (SME) is authorized for export or for manufacturing under this authorization.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Richard R. Verma  
Assistant Secretary  
Legislative Affairs
